Welcome Message from President of CoR and MyRAD

**Dr Farhana Fadzli**

President, College of Radiology,
Academy of Medicine of Malaysia
(2025-2027)
President, Malaysian Society of Radiologists
(2025-2027)

Dear Colleagues & Friends,

I would like to invite each and every member of the radiology fraternity in Malaysia and international colleagues, including Trainees to join us at the Malaysian Congress of Radiology 2026!

The theme of this year's congress, "Image. Inform. Impact: Radiology's Expanding Role in Oncology," reflects the evolving and increasingly integral role of radiology in modern cancer care. Beyond visualisation, imaging today informs clinical decision-making across the entire oncology pathway — from early detection and accurate diagnosis to treatment planning, image-guided intervention, and response assessment. As oncology becomes more precise and multidisciplinary, radiology continues to shape patient management, influence outcomes, and drive meaningful impact through innovation, collaboration, and advanced imaging technologies.

We are delighted to host the congress at the Sime Darby Convention Centre from 7th to 9th August 2026. The three-day scientific programme will emphasise on multidisciplinary collaboration.

We are also planning engagement sessions with other key stakeholders including the Ministry of Health Malaysia, insurance partners, and authorisation bodies, to address pressing issues affecting radiology practice. Topics such as regulatory frameworks, medicolegal considerations, resource optimisation, and technology integration will be part of the programme as we aim to align radiology practice with national healthcare goals and international standards.

By fostering dialogue, sharing insights, and building partnerships, MCOR 2026 seeks to ensure that radiology remains a cornerstone of effective and efficient healthcare delivery in Malaysia. Together, we aspire to develop sustainable solutions that benefit both the radiology community and the patients we serve.

I look forward to meeting you at MCOR 2026.

Welcome Message from Malaysian Congress of Radiology 2026 Organising Chair

Honorary Prof Dr Norlisah Mohd Ramli
Organising Chair
Malaysian Congress of Radiology 2026

It is my great pleasure to invite you to the **Malaysian Congress of Radiology 2026 (MCOR 2026)**, held at the Sime Darby Convention Centre, Kuala Lumpur, from **7th to 9th August 2026**.

In a world where the value of radiology is expanding exponentially, passive observation is a strategic risk. MCOR 2026 is the active investment you need. This is more than a congress — it's a growth accelerator, a partnership incubator, and a lens into the future of our field.

Image. Inform. Impact: Radiology's Expanding Role in Oncology

Our theme this year isn't just a title; it is your competitive advantage. As oncology reshapes the medical landscape, radiology has moved to the forefront — driving early detection, precision treatment planning, and life-changing patient outcomes.

We have curated a high-value programme designed to deliver actionable returns on your time:

- **For Trainees:** This is your career accelerator. Learn from global pioneers, showcase your research in our **Best Free Paper and Poster Awards**, and test your mettle in the highly anticipated **CoR Dato' Samad Quiz**.
- **For Private Practitioners:** This is your innovation pipeline. Discover the tools and workflows that enhance diagnostic confidence and drive practice growth.
- **For Educators:** This is your curriculum catalyst. Engage with the latest evidence to help shape the next generation of radiological talent.

A Call to Our Industry Partners

To our partners in the radiology industry: you are the engine of our technological evolution. We invite you to join us not just as exhibitors, but as vital contributors to this ecosystem. MCOR 2026 offers a premier platform to demonstrate your latest advancements, engage with key decision-makers, and help us define the future of clinical practice. Your innovation is the "Impact" in our theme.

Secure Your Future

In a field moving this fast, standing still is falling behind. Together with our Scientific Committee, led by **Assoc Prof Dr Faizatul Izza Rozalli**, we have built a dynamic environment of workshops, debates, and networking designed to ensure you remain at the cutting edge of medicine.

MCOR 2026 is your strategic investment in relevance, expertise, and influence. This is where radiology's path is set. Ensure you're leading it.

Claim your place today. Register at: malaysiancongressofradiology.com

CALL FOR ABSTRACT

ABSTRACT SUBMISSION DEADLINE: 15TH MAY 2026

The scientific committee welcomes the submission of scientific abstracts. Authors are invited to submit abstracts in the following areas of interest:

Body Imaging

Paediatrics

Emergency & Informatics

Interventional Radiology

Neuroradiology

Musculoskeletal Imaging

Chest Imaging

Head & Neck

Oncology

Cardiac Imaging

Breast Imaging

Molecular Imaging

All abstracts are to be submitted online. Final forms of presentation can be in any of the following format:-

- **Oral Presentation (6 minutes + 2 minutes Q&A with ppt slides)**
- **Electronic Poster (No live presentation onsite)**
- **Voice E-Poster Presentation (3 minutes live presentation with your e-poster)**

There is no limit to the number of abstracts you may submit, but you should not submit on the same study / data set to be presented in more than one format.

All abstracts are to be reviewed by the Scientific Committee. The committee reserves the right to decide on the final form of presentation.

The presenting author of successful abstracts must complete his/her registration for the congress as a delegate before the **30th June 2026** to present his/her work during the congress.

Abstract Guidelines:

- Abstract must be submitted in English.
- The font of the abstract should be in Calibri, 12 pt and double spacing.
- No encore abstracts are allowed.
- Please specify the abstract title.
- The title must be in capital letters and is limited to a maximum of 640 characters.
- Please provide the details of the co-authors (names, affiliations). Ensure that all author information is included and entered correctly.
- Please provide 3-5 keywords for your abstract.
- Please provide the abstract body text. The abstract body is limited to a maximum of 250 words for studies/research which is approximately 1600 characters. For case report, the abstract body is limited to 150 words.
- The body must be divided into each format of content to follow :-

Studies / Research	Case Report
Background	Introduction, Report and Conclusion all in one paragraph
Methodology	
Results	
Conclusion	

CALL FOR ABSTRACT

The Objective and Conclusion need to be consistent with those in the main text and should use the same wording. The results should present the main outcomes of the study using specific numerical data (e.g., absolute numbers and/or rates) with appropriate indicators of statistical uncertainty, such as 95% confidence intervals or p values. P values should never be presented alone without the actual data that are being compared. Do not use reference citations in the abstract. Abbreviations should be minimised and, if used, must be defined within the abstract by full terminology followed by abbreviation in parenthesis.

For medical terms such as proper nouns, generic names of medicines, and units of measurement, use the original term. The use of acronyms and abbreviations is discouraged and should be kept to a minimum. When used, they are to be defined where first used, followed by the acronym or abbreviation in parentheses. Measurements and laboratory values should be in accordance with the International System of Units (SI).

Ensure correct use of the terms sex (when reporting biological factors) and gender (identity, psychosocial or cultural factors), and, unless inappropriate, report the sex or gender of study participants, the sex of animals or cells, and describe the methods used to determine sex or gender. If the study was done involving an exclusive population, for example in only one sex, authors should justify why, except in obvious cases (e.g., prostate cancer). Authors should define how they determined race or ethnicity and justify their relevance.

The names and locations (city and state or country) of manufacturers of equipment and non-generic drugs should be given.

Ensure that all changes, corrections, and proofreading have been carried out before submission.

Notification of Acceptance

- Review of abstracts will take 2 weeks from the abstract submission deadline.
- All abstracts will be reviewed by the Scientific Committee. The Committee reserves the right to select the abstracts and assign the sessions and final format of presentation. The decision of the Committee is final.
- Results will be announced by 19th June 2026.
- All accepted abstract presenting authors MUST complete his/her registration for the congress as a delegate before the 30th June 2026 to present his/her work during the congress.
